

01 The intricate patterns of **Tay Lighting's** translucent resin shades are hand-painted. Zimnia/Viola is the latest design, using detailed lace-like designs to cast decorative silhouettes. [www.taylighting.com](http://taylighting.com)

02 **Christian Ghion's** electric radiator 'Splash' for Runtal crosses art with function to add flair to any bathroom scheme. The piece has been awarded a Red Dot design award. <http://ghion.free.fr>

03 The Floating Glass Table from **iglass** uses a clear base and a reflective top to give the illusion of a floating surface. Flip the top to reveal an alternative digitally printed surface underneath. [www.iglass.co.uk](http://iglass.co.uk)

04 **John Alfredo Harris** uses the colourful range of beech's natural grain to its full potential with this Spalted Beech Sideboard, shown here with black teak legs. www.jaharris.co.uk

05 **Surface View** has launched a collection of designs from Atelier Zina de Plagny. The textile patterns, for example Doves and Birds shown here, can be made into blinds, canvases and prints. www.surfaceview.co.uk

06 The new Art Deco inspired **Christopher Guy** collection features this striking loveseat. The octagonal backs and angular shape are hand-carved in mahogany, with other finishes and fabrics available. www.christopherguy.com
